

2010 DALLAS COUNTY MASTER GARDENER'S SCHOOL

Program Title: "EARTH-KIND[®] Roses"

Presented By: Dr. Steve George, Professor, Extension Horticulturist
& EARTH-KIND[®] Team Leader
Texas AgriLife Research/Extension Center - Dallas

About Dr. George:

Steve George is a graduate of Oklahoma State University, where he received his B.S. degree in zoology and his M.S. degree in horticulture. He earned his Ph.D. in plant pathology at North Carolina State University. His career with the Texas AgriLife Extension Service has included assignments ranging from County Extension Horticulturist (1977-1982) and State Extension Plant Pathologist (1986-1988), to his current post as Extension Specialist in Horticulture and EARTH-KIND[®] Team Leader.

Dr. George created the EARTH-KIND[®] *Environmental Landscape Management System*. The goal of the EARTH-KIND[®] approach is to combine the best of organic and traditional gardening principles to establish a new, research-proven horticultural system based on real-world effectiveness and environmental responsibility.

Dr. George is headquartered at the Texas AgriLife Research/Extension Center - Dallas on Coit Rd.
