Common Name	Trade Names (partial list)
1. 2,4-D, Quinclorac, Dicamba	Bayer Advanced Lawn Weed & Crabgrass Killer Ferti-lome Weed Out With Q
2. Quinclorac, mecroprop_p, 2,4-D, Dicamba	Ortho Weed B Gon Max Plus Crabgrass Killer
3. sulfentrazone, quinclorac	Image Kills Crabgrass

While this is not a complete list for postemergent grassy weed control in residential lawns, it does contain the herbicides commonly found in retail and garden stores. This list is not for the purpose of promoting any particular product.

Note, labels are always changing. Always advise individuals to read the label before purchasing and before applying to make sure the herbicide is still labeled for use in their type of lawn grass and for the weeds they are trying to control.
