

2010 DALLAS COUNTY MASTER GARDENER'S SCHOOL

Program Title: "Trees for North Texas Landscapes: Selecting, Planting, Diagnosing Issues, and Care" (9am-4pm)

Presented By: Bryan White, ***Certified Arborist***
(presenting with Steve Houser and Sarah Brackin)

About Bryan White:

Bryan White, a Certified Arborist with a local Tree-Care Expert company, joins his boss, Steve Houser, and his colleague, Laura McLarry, in presenting to this year's Master Gardener class a day packed full of comprehensive information about trees for North Texas Landscapes.

Born and raised in Texas, Bryan earned a Bachelor of Science degree in forestry from Stephen F. Austin State University. He became an International Society of Arboriculture (ISA) Certified Arborist and has been with a local Tree-Care Expert company since 1997. There, he assists clients with all aspects of tree care, such as maintenance, diagnosis, education, consultation and planning.

Bryan has shared his knowledge and experience through service as a board member for the Texas chapter of the International Society of Arboriculture (ISA). He has also served as a judge for ISA's annual tree-climbing competition, which is held around the state each year.

Bryan lives in Wylie with his wife Jaime and their three sons: 10-year-old Alex, 8-year-old Brendan, and 5-year-old Joseph. Bryan's love for being outside in nature is what drew him to arboriculture in the first place, and outside is his favorite place to be when he has free time. Among his favorite pursuits is being on the water fishing or playing with his family.
